

FM Area Youth United in Harmony

Dear Choral Arts Supporter,

Arts organizations are vital to our community and help young people develop interests and skills to carry throughout their lives. Music is one of the few activities that involve the use of the entire brain, is central to all cultures, can have unexpected benefits for learning language, improving memory, focusing attention, and for physical coordination and development.

FMYC, is a non-profit choral arts organization that provides youth in grades K-12 the opportunity to achieve artistic excellence through education in an atmosphere of fun and friendship. A few comments from our members:

"We are impressed with the fact that our disabled daughter can be involved with the choir at the same level as the other children. Our daughter, 7 years old, is in the Emerald choir. This is her first year enrolled in music class outside of school and church. We have really been amazed at how far she has come in this short time. Not only has she become more confident in music and singing ability, she has made many friends." Angela FMYC parent.

"My Favorite thing about youth choir is the confidence I have built up." Miranda, Diamond choir member
